- 1. Students must complete through the second semester of a first year language course or equivalent (Check the catalog for details of this option.)
- 2. Electives from a 200-level or above economics course excluding ECO 200.
- 3. Students must meet with the Director of Internship and Placement at least two terms before beginning their internship.

This program assumes a student will use <u>BUS 100M</u> or <u>MAT 124M</u> to meet the gneral education mathematics requirement.

Most financial aid packages stipulate 12 credits/semester; Minnesota state grants are reduced when credit load falls below 15 credits/semester. (Interim credits may be split between fall and spring for state grant purposes only.)

The scheduling of Seminary courses may vary. Please use this academic plan for illustrative purposes only.

^{1.} Students must complete through the second semester of a first year language course or equivalent (Check the catalog for details of this option.)

This program assumes a student will use <u>BUS 100M</u> or <u>MAT 124M</u> to meet the general education mathematics requirement.

Most financial aid packages stipulate 12 credits/semester; Minnesota state grants are reduced when credit load falls below 15 credits/semester. (Interim credits may be split between fall and spring for state grant purposes only.)

The scheduling of Seminary courses may vary. Please use this academic plan for illustrative purposes only.

^{2.} Electives from a 200-level or above economics course excluding ECO 200.

^{3.} Students must meet with the Director of Internship and Placement at least two terms before beginning their internship.
